DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed 10 June 2005.

Allowable Subject Matter

- 2. Claims 8, 10, 12, 13, 21, 23, 25, 26, 34, 36, 38, and 39 are allowed.
- 3. The following is an examiner's statement of reasons for allowance:

Examiner appreciates applicant's argument that DeMarcken as modified by Waytena does not disclose the limitations of claims independent claims 8, 21, and 34, and their dependent claims 10, 12-13, 23, 25-26, 36, and 38-39. Even though DeMarcken/Waytena does indeed teach the use of two data sources, DeMarcken/Waytena fails to teach that a difference between the availability information from the two sources is determined, and that an indication (based on the difference calculated) that the availability information should be updated prior to booking is stored in the situation table. Even further, DeMarcken/Waytena does not teach the specific limitations of adding the indication to the table only when the itinerary is not rendered irrelevant by the fare rules, or only when a difference between the availability information from the two sources exceeds an error threshold. Hence the best prior art of record fails to teach the invention as set forth in claims 8, 10, 12, 13, 21, 23, 25, 26, 34, 36, 38, and 39 and the examiner can find no teaching of the booking method, system, and computer-readable medium, nor reasons within the cited prior art or on her own to combine the elements of these references other than the applicant's own

reasoning to fully encompass the current pending claims. In addition, see applicant's reasoning in amendment/response filed 9 May 2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
